Suggestions and Expectations

This curriculum unit can be used in a variety of ways. Each chapter of the novel study focuses on several chapters of *Flora & Ulysses* and is comprised of five of the following different activities:

- Before You Read
- Vocabulary Building
- Comprehension Questions
- Language Activities
- Extension Activities

### Links with the Common Core Standards (U.S.)

Many of the activities in this unit are supported by the Common Core Standards. For instance the *Reading Standards for Literature, Grade 5*, makes reference to

a) determining the meaning of words and phrases... including figurative language;
b) explaining how a series of chapters fits together to provide the overall structure;
c) compare and contrast two characters;
d) determine how characters ... respond to challenges;
e) drawing inferences from the text;
f) determining a theme of a story ... and many others.

A principal expectation of the unit is that students will develop their skills in reading, writing, listening and oral communication, as well as in reasoning and critical thinking. Students will also be expected to provide clear answers to questions and well-constructed explanations. It is critical as well that students be able to relate events and the feelings of characters to their own lives and experiences and describe their own interpretation of a particular passage.

A strength of the unit is that students can work on the activities at their own pace. Every activity need not be completed by all students. A portfolio cover is included (p.7) so that students may organize their work and keep it all in one place. A Student Checklist is also included (p.6) so that a record of completed work may be recorded.

Author Biography
Kate DiCamillo

Katrina Elizabeth "Kate" DiCamillo (born March 25, 1964)

Born in Philadelphia, DiCamillo suffered from chronic pneumonia. At age five, she moved to Clermont, Florida for her health (warmer climate) with her mother and her older brother, Curt DiCamillo, who would become a noted architectural historian. Her mother was a teacher. Her father remained in Pennsylvania to sell his orthodontic practice and never rejoined the family in Florida.

DiCamillo earned her college degree in English at the University of Florida in 1987 and worked in Florida after graduation. At age 30 she moved to Minneapolis and began working at a book warehouse. That job inspired her to write for children and allowed her to meet a sales representative for Candlewick Press, resulting in submission of a draft that would become Because of Winn-Dixie.

Her 2003 novel The Tale of Despereaux was inspired by a friend's son, Luke Bailey, who asked her to write about an unlikely hero with "exceptionally large ears".
